

# Champion System Vest Selection Guide

**WindGuard Vest**

Lightweight shell vest/gilet. Designed to be easily folded into a small package in your back pocket.

**Intermediate Wind Vest**

Designed to be worn for the entirety of a ride when the mercury starts to drop this vest will keep you warm.

**Repel Vest**

Designed with input from professional teams. Made with DvAlpine. A three layer waterproof and windproof fabric.

**Thermoshield Vest**

The Thermoshield will keep you warm in more extreme conditions. Designed to cocoon the torso and retain body heat around the core.
